THE PERIOD FOR RESPONSE: [check only a) or b)]

a) ☒ expires 5 months from the mailing date of the final rejection.

b) expires either three months from the mailing date of the final rejection, or on the mailing date of this Advisory Action, whichever is later. In no event, however, will the statutory period for the response expire later than six months from the date of the final rejection.

Any extension of time must be obtained by filing a petition under 37 CFR 1.136(a), the proposed response and the appropriate fee. The date on which the response, the petition, and the fee have been filed is the date of the response and also the date for the purposes of determining the period of extension and the corresponding amount of the fee. Any extension fee pursuant to 37 CFR 1.17 will be calculated from the date of the originally set shortened statutory period for response or as set forth in b) above.

they are not deemed to place the application in better form for appeal by materially reducing or simplifying the issues for appeal.

they present additional claims without cancelling a corresponding number of finally rejected claims.

NOTE:

Applicant's response has overcome the following rejection(s):

Newly proposed or amended claims _____ would be allowable if submitted in a separate, timely filed amendment cancelling the non-allowable claims.

X The affidavit, exhibit or request for reconsideration has been considered but does NOT place the application in condition for allowance because:

It is believed that Elton et al. provide sufficient teaching of the use of the cable as windings of an electric machine such as a generator.

The affidavit or exhibit will NOT be considered because it is not directed SOLELY to issues which were newly raised by the Examiner in the final rejection.

X For purposes of Appeal, the status of the claims is as follows (see attached written explanation, if any):

Claims allowed: _____

Claims objected to: _____

Claims rejected: 1-29 and 31-44
